Re: *Securities and Exchange Commission v. John A. Paulsen*, 18-CV-6718 (PGG)

Dear Judge Gardephe:

I am writing to apologize to the Court and to opposing counsel for filing our papers in support of our motion to dismiss. Shortly after filing, I noticed that Your Honor's Individual Rules require that motion papers be filed only after the entire motion has been briefed. I neglected to check the Individual Rules in advance since I had previously appeared before the Court in a criminal case, in which the "Bundling Rule" does not apply. I will be more careful to check the Court's Rules in the future.

I thank the Court for its consideration.

Respectfully,

/s/ Eric M. Creizman
